Notes: (a) In previous reports the figures shown in this table were based on the calendar year. To make this table more in keeping with the period covered by the report, the basis has been shifted from 31 December to 30 June. At the same time, the figures as of 31 December 1967 have been shown as well, as a transitional measure,

(b) All figures now include staff recruited on temporary or short-term appointments against manning-table posts. In previous reports, such staff were omitted, and the figures for 31 December 1967 accordingly have been adjusted from those which appeared in the previous report.

(c) Virtually all locally recruited staff are Palestine refugees.
