UNITED NATIONS PALESTINE COMMISSION

Communication received from the Secretariat  
Advance Party Concerning provision for the  
Stay of Palestinian officers  
in Cyprus after 15 May 1948

The following Memorandum on Palestinian Officers In Cyprus was received from Mr. Ghosh on 14 April 1948.

PROVISION FOR THE STAY OF PALESTINIAN OFFICERS  
IN CYPRUS AFTER 15 MAY 1948

5 April 1948

(Memorandum by D. Ghosh)

I met the Finance Secretary yesterday. He explained to me the manner in which the Government proposes to finance the stay of the select group of Palestinian officers who will be taken to Cyprus at the end of the Mandate to help in the winding up of Government accounts. The officers would be given the option of either making their own arrangements for lodging or staying at lodgings provided by the Government. Those who chose to make their own arrangements will receive the normal allowance for working away from headquarters. Others would be provided with food and lodging, the Government taking a lump sum deduction from their pay, so that the net money value of the benefits enjoyed by them is comparable with the allowances which those who make their own arrangements will receive. I have acted for the detailed figures and estimates and indicated that the differences between the two types of allowances must not be too large. The Government is anxious that most officers accept the second type of option. This would, in their opinion, make for greater efficiency in work and administration. My discussion with the Finance Secretary, it was clearly understood by both of us, did not, in any manner, commit the Commission.
