UNITED NATIONS PALESTINE COMMISSION  
Communication Received from Women's  
International League for Peace and  
Freedom

The following communication, containing a suggestion that UNICEF be asked to allocate a sum for the distribution of food and drugs to children in Palestine, has been received from the Women's International League for Peace and Freedom.

WOMEN'S INTERNATIONAL LEAGUE FOR PEACE AND FREEDOM  
71 West 12th Street  
New York 11, New York

April 19, 1948

Mr. Karel Lisicky  
Chairman UN Commission for Palestine United Nations  
Lake Success, Long Island  
New York  
Sir:

I take the liberty of submitting to you in writing a proposal which I discussed on April 16, 1948, when you were so very kind as to receive me. In view of the desperate situation of the children in Palestine caused by bloodshed and imminent chaos and starvation, the Women's International League for Peace and Freedom suggests that a sum be allocated by the UNICEF for the distribution of food and drugs to children in need in Palestine - to those whose fathers or supporters have been killed as well as to every other child requiring help. The essential point of our proposal is to have Arab and Jewish children alike and without any discrimination enjoy this assistance and to extend it to any other child in Palestine who may be found in need. The approximate figure based on records available in the archives of the UN Palestine Commission is 773,000 school children, age 5-14.\* Figures of pre-school age were not available, but we are confident that you, Sir, and the UN Palestine Commission, are the best judge of the situation. On the basis of material compiled by the UNICEF (E/IMF/56, March 25, 1948) allocations would probably be based on the figures in Annex 4 E/ICEF/46 page 38. We understand that a country asking for assistance from UNICEF is expected to do so through its Government. In view of the complex and confused nature of the present status of Palestine we beg to submit that the UN Commission for Palestine examine our proposal at its earliest convenience and decide to apply for the allocation of UNICEF funds necessary to direct food and drugs to Palestine and to have them distributed through the good offices of the International Committee of the Red Cross. We need not impress upon you, Sir, who know conditions in Palestine so well and who have exerted every effort to direct attention to the dangerous situation in Palestine, the terrible urgency of the case. Speed is of the essence. The matter requires immediate action - irrespective of ultimate decisions of the UN General Assembly now in session, irrespective also of political and military developments in the Holy Land. Ours is a purely humanitarian appeal born of deep anxiety - offered in a spirit of conciliation and in the hope that it may contribute to relieve hardship and tension in Palestine and to initiate a new effort of constructive cooperation. We shall be indebted to you and your Commission for an early reply and shall be glad to be at your disposal if desired.

Very truly yours,  
(signed) GERTRUDE BAER  
Gertrude Baer  
Consultant, UN

ADDENDUM I  
PROCEDURE IN APPLYING FOR ASSISTANCE FROM  
THE INTERNATIONAL CHILDREN'S EMERGENCY FUND

- I. A request must be made by a government to Maurice Pate, Executive Director of the International Children's Emergency Fund. The government should inform Mr. Pate of the need for assistance. If possible, the government should present a program outlining the methods of distribution of proceeds received from the International Children's Emergency Fund.
- II. The International Children's Emergency Fund may instigate investigation on Maurice Pate's initiative. This is entirely up to Mr. Pate. He may, if he so deems necessary, refer requests to the Executive Board of the International Children's Emergency Fund.
- III. An International Children's Emergency Fund mission investigates needs in a country requesting assistance and works out with the government a program. The

Mission presents this program to Maurice Pate. Mr. Pate refers program to the Program Committee. After a careful consideration, the Program Committee refers their findings to the Executive Board for approval.

IV. A contract is then signed with the recipient government.

V. The International Children's Emergency Fund Mission is despatched to the country to supervise distribution.

\* Note: Because of emergency need in Roumania, the International Children's Emergency Fund despatched emergency rations and drugs before actually sending the first mission to that country to work out a program.

---

#### ADDENDUM 2

Reference to UNICEF (E/ICEF/56, 25 March 1948) as setting forth a compilation on which figures for monies to be allocated might be based.
