Establishment of the United Nations Register of Damage caused by the Construction of the Wall in the Occupied Palestinian Territory

The General Assembly,

Guided by the principles enshrined in the Charter of the United Nations and the rules and principles of international law, including international humanitarian law and human rights law,

Reaffirming the permanent responsibility of the United Nations towards the question of Palestine until it is resolved in all its aspects in a satisfactory manner on the basis of international legitimacy,

Recalling the relevant resolutions of the Security Council,

Recalling also its relevant resolutions, including the resolutions of its tenth emergency special session on illegal Israeli actions in Occupied East Jerusalem and the rest of the Occupied Palestinian Territory,

*Recalling the advisory opinion rendered on 9 July 2004 by the International Court of Justice on the *Legal Consequences of the Construction of a Wall in the Occupied Palestinian Territory*,¹ and recalling in particular the Court's reply to the question put forth by the General Assembly in resolution ES-10/14 of 8 December 2003, as set forth in the *dispositif* of the advisory opinion,²*

Recalling in this regard the Court's determination that, inter alia, "Israel is under an obligation to make reparation for all damage caused by the construction of the wall in the Occupied Palestinian Territory, including in and around East Jerusalem",

*Reaffirming its resolution ES-10/15 of 20 July 2004 entitled "Advisory opinion of the International Court of Justice on the *Legal Consequences of the Construction of a Wall in the Occupied Palestinian Territory*, including in and around East Jerusalem",*

Recalling the request made in resolution ES-10/15 for the Secretary-General to establish a register of damage caused to all natural or legal persons concerned in connection with paragraphs 152 and 153 of the advisory opinion,

Noting in this connection the Court's conclusion whereby, inter alia:

Israel is accordingly under an obligation to return the land, orchards, olive groves and other immovable property seized from any natural or legal person for purposes of construction of the wall in the Occupied Palestinian Territory. In the event that such restitution should prove to be materially impossible, Israel has an obligation to compensate the persons in question for the damage suffered. The Court considers that Israel also has an obligation to compensate, in accordance with the applicable rules of international law, all natural or legal persons having suffered any form of material damage as a result of the wall's construction,

Deploping the continuing unlawful construction by Israel, the occupying Power, of the wall in the Occupied Palestinian Territory, including in and around East Jerusalem, in total disregard of the advisory opinion of 9 July 2004 and of resolution ES-10/15 and in breach of the applicable rules and principles of international law,

Expressing grave concern over the continuing and mounting loss, damage and suffering being inflicted upon the Palestinian people by Israel, the occupying Power, as a result of the unlawful construction of the wall and its associated regime,

Recognizing the necessity of accurately documenting and assessing the damage caused by the construction of the wall for the purpose of fulfilling the obligation to make the above-mentioned reparations, including restitution and compensation, in accordance with the rules and principles of international law,

Taking note with appreciation of the report of the Secretary-General of 17 October 2006 pursuant to General Assembly resolution ES-10/15,³
