UNITED NATIONS PALESTINE COMMISSION

Communication Received from United Kingdom
Delegation Concerning London Meeting of
Palestine Currency Board

The following telegraphic communication, concerning a meeting on May 12th of the Palestine Currency Board, has been received by Mr. Fletcher-Cooke of the United Kingdom Delegation from the Colonial Office, London, and communicated by telephone to Mr. Reedman on May 6th.

"Meeting will be confined to discussion of practical arrangements for meeting present emergency and not with general policy. We do not therefore think it is worth while observer attending.

If the Commission would like we will gladly send for their information copies of recent annual reports, documents on the constitution of the board and brief account of measures taken to insure supply of currency after termination of Mandate."
