Expressing its grave concern about the extensive destruction by Israel, the occupying Power, of agricultural land and orchards in the Occupied Palestinian Territory, including the uprooting of a vast number of fruit-bearing trees and the destruction of farms and greenhouses, and the grave environmental and economic impact in this regard,

Expressing its concern about the widespread destruction caused by Israel, the occupying Power, to vital infrastructure, including water pipelines and sewage networks, in the Occupied Palestinian Territory, in particular in the Gaza Strip, which, inter alia, pollutes the environment and negatively affects the water supply and other natural resources of the Palestinian people, and stressing the urgency of the reconstruction and development of water infrastructure, including the project for the desalination facility for the Gaza Strip,

Taking note, in this regard, of the 2009 report by the United Nations Environment Programme regarding the grave environmental situation in the Gaza Strip, and of the 2012 report, “*Gaza in 2020: A liveable place?*”, by the United Nations country team in the Occupied Palestinian Territory, and stressing the need for follow-up to the recommendations contained therein,
