COMMISSION ON HUMAN RIGHTS
Forty-ninth session
Agenda item 4

**QUESTION OF THE VIOLATION OF HUMAN RIGHTS IN THE
OCCUPIED ARAB TERRITORIES, INCLUDING PALESTINE**

**Letter dated 1 February 1993 from the Permanent Representative
of Israel to the United Nations Office at Geneva addressed to
the Under-Secretary-General for Human Rights**

Allow me, Mr. Under-Secretary-General, to provide you, and through you the members and observers of the Commission, with some relevant facts on the so-called "Hamas" organization and some of its activities.

1. Hamas, a fundamentalist Islamic organization in the Territories, is a branch of the Muslim brotherhood, which was founded in Egypt in the 1920s.
2. As is well known, Islamic fundamentalist terror is not a phenomenon confined to Israel or to the Arab-Israel conflict. Today it has become a region-wide problem, threatening the stability of Governments in a large number of countries, by attempting to impose its beliefs and way of life by violence rather than through democratic methods.
3. In Israel, the organization was created in its present activist form in the late 1980s. The establishment shortly thereafter of the "Islamic Jihad", a rival organization which preaches violence, propelled Hamas to escalate its own militant activities.
4. The organization's continuing struggle against Israel is inspired by an extremist fanatical ideology. Leaflet No. 65 of Hamas, which was distributed in October 1990, called for the murder of Jews and the burning of their property: "Every Jew is a settler and it is an obligation to kill him and take his property".
5. The Covenant of the Hamas issued on 18 August 1988, is a comprehensive manifesto comprised of 36 articles all of which promote the basic Hamas goal of destroying the State of Israel through "Jihad" (Islamic Holy War).
6. With reference to the rejection of a negotiated peace settlement, article 13 of the Hamas Covenant notes: "Peace initiatives and so-called peaceful solutions and international conferences are in contradiction to the principles of the Islamic resistance movement ... Those conferences are no more than a means to appoint the infidels as arbitrators in the lands of the Islam. ... There is no solution for the Palestinian problem except by Jihad initiatives. International conferences are but a waste of time."
7. Under the flag of Islam, the movement began to direct its activities not only against Israel, but also against the Palestinian nationalistic stream. Hamas operations have targeted every Palestinian who maintains contacts with Israelis. More than 500 "collaborators" have thus been brutally murdered since 1987.
8. We would be grateful if you would circulate this letter together with the annexed list of terrorist activities carried out by the Hamas, as official documents of the forty-ninth session of the Commission on Human Rights.
