The situation in the Middle East

Report of the Secretary-General

I. Introduction

1. The present report is submitted in pursuance of General Assembly resolutions 51/27 and 51/28 of 4 December 1996. The Assembly, in its resolution 51/27, which deals with the transfer by some States of their diplomatic missions to Jerusalem in violation of Security Council resolution 478 (1980) of 20 August 1980, called once more upon those States to abide by the provisions of the relevant United Nations resolutions. In resolution 51/28, which deals with Israeli policies in the Syrian territory occupied by Israel since 1967, the Assembly demanded once more that Israel withdraw from all the occupied Syrian Golan in implementation of the relevant Security Council resolutions.

2. The Secretary-General, in order to fulfil his reporting responsibility under the above-mentioned resolutions, on 9 September 1997 addressed notes verbales to the Permanent Representative of Israel and to the Permanent Representatives of the other Member States and requested them to inform him of any steps their Governments had taken or envisaged taking concerning implementation of the relevant provisions of those resolutions. As at 15 October 1997, six replies have been received, from Bangladesh, Colombia, Finland, Guyana, Japan and the Russian Federation. Those replies are reproduced in section II of the present report.

Russian Federation

[Original: Russian]

1. With regard to the implementation of resolution 51/27, entitled Jerusalem, the Russian Federation, as a sponsor of the Middle East peace process, is continuing to work actively with both sides with a view to the resumption of negotiations on the final status of the Palestinian territories, during which a solution to the problem of Jerusalem should be found. The Russian Federation supported the convening of the tenth emergency special session of the General Assembly and voted in favour of resolution ES-10/2, adopted at that session, which reflected the deep concern of the international community at the critical situation resulting from Israeli settlement activities in East Jerusalem (Har Homa).
2. With regard to resolution 51/28, entitled The Syrian Golan, the Russian Federation, as a sponsor, believes that the question of the Golan should be resolved in direct negotiations between the Syrian Arab Republic and Israel on the basis of Security Council resolutions 242 (1967) and 338 (1973) and the principle of land for peace set forth therein. Accordingly, the Russian Federation will continue to work towards the earliest possible resumption of constructive dialogue between the Syrian Arab Republic and Israel.
