WHO DOES WHAT WHERE (3W)

JULY 2010

3W is a coordination tool for the sectors and clusters to be able to establish Who is doing What Where.

The 3W is being populated by the members of the sectors and clusters and the goal is a comprehensive mapping of humanitarian projects in oPt. A visit to the on-line database (<http://3w.ochaopt.org>) will provide you of an up to date picture of the situation.

The data published is as of 20 July 2010 and limited to completed and ongoing projects reported to 3W. Also, the maps and charts are limited to projects reported per governorate or locality.

Information on projects in Agriculture sector and Water Sanitation and Hygiene (WASH) cluster can be viewed by visiting the website of Agricultural Projects Information System (APIS) at <http://www.apis.ps> and is not included in 3w.

The data published is as of 20 July 2010 and limited to projects reported to 3W
